Deborah Krueger

Hello, I could use prayer in every area of my life. My life feels like a hot mess right now. I feel like I'm under spiritual attack in every area of my life. My relationship with my daughter, to my finances to my employment. I just don't know where God wants to me or what I'm supposed to be doing. I feel frustrated and lost. I'm currently not working, I'm looking just nothing has came up. My bills are behind. I just need prayer. Thank you in advance for taking time out to pray for me. I truly appreciate your prayers. God bless

Praise the Lord for the outcome of test results for my husband Dave. Healing continues and he is healthy and strong. We are grateful for your prayers, for the way people do research to develop tests and treatments and how God has made our bodies to heal and recover and how He intervened in so many ways. Celebrating all of His gifts. What a joy to trust Him in trials and victories.
