My friend Melissa has been fighting advanced colon cancer for about 2 years. Through my tornado relocation I'm now her neighbor! She too is a theater mom with a teenage girl. Praise that her recent PET scan showed smaller & fewer tumors Let's lift her up as she continues the fight.

Please, pray for Jason, Michele, Cale, and their families' salvation. Jason doesn't believe God exists. Michele doesn't think he needs to have a personal relationship. Cale believes he should live for his pleasure. Please pray that they are saved, they return to Stacey, Tecla, and I, and we follow God together. Thank you!

Update on Ryan Natelborg. The breathing tube is out. Learning to breath again has been difficult but successful. Neurological testing will come later. So we still do not know his mobility status. They will stay in Madison WI for two weeks then transfer to inpatient rehab, not sure where that will be yet.

He was informed by his surgeon the severity of his injuries which deeply discouraged Ryan. It will be a very long haul with lots of waiting. Ryan's parents Tim and Sonya will take turns staying with him.

Thank you for your prayers and please continue to pray for Ryan and his family as they adjust to new ways of life.
