Missions: Pray for believers & missions in Somalia. Pop: 19,655,000

Stability in Africa’s most failed state remains depressingly elusive. Somalia now has a parliament and recognized national leaders after 20 years without an effective central government. But the militant Islamist group Al-Shabaab (linked to Al-Qaeda) still controls much of southern and central Somalia, and continues to hold influence in rural areas. Although it no longer contests control of Mogadishu, it continues murderous bombing attacks there, and in neighboring countries.
