WHAT WE'RE TEACHING

FIND YOUR WAY: A 3-Week Series from Matthew on Spiritual Growth

SERIES OVERVIEW: Life can feel confusing. We hit moments where we're not sure which way to go, what decision to make, or how to figure things out. Wouldn't it be nice if there was a map that could guide us through life—not just for directions, but for making choices, living life, and knowing God better? If you've ever been there, good news! The Bible is more than an old book—it's a map that helps us find our way. In this 3-week series from the book of Matthew, we'll discover how **the Bible helps us see things differently, reveals what God is like, and teaches us what is true.**

MORE THAN RED LETTERS

SURGE: MORE THAN RED LETTERS

A 3-Week Series on Jesus in the Bible

SERIES OVERVIEW: Many of us own Bibles with Jesus' words written in red in the New Testament. But did you realize that every book in the Old Testament points to Jesus? This three-lesson series will open eyes to Jesus' presence throughout the Old Testament and his familiarity with Scripture, allowing them to discover how all of the Bible points them toward Jesus—and a relationship with Him.

A 3-Week Series on Grace

SERIES OVERVIEW: We'll learn all about grace in this series called How to Save the World. In our first week, students will learn what grace is (getting something good we don't deserve). The next week, we'll celebrate our resurrected King together! And students will learn how Jesus saved the whole world. We'll celebrate the fact that God's grace saves us from our sin. In the third and final week of our series, students will learn how to share the grace that God gives us with others!

TIP OF THE MONTH

HOW TO HELP TEENAGERS SPEND TIME WITH GOD

Have you ever been discouraged that your teenagers don't seem to have great habits when it comes to spending time with God? (And okay, let's be honest — have you ever been discouraged about your own spiritual habits? It's okay — we've all been there). I think we can all agree it's important to help students develop spiritual disciplines, but keep this in mind: because of the way a teenager's brain is developing, it's not easy to start a good habit (or break a bad one) at this age! That's because in middle and high school, their prefrontal cortex is still developing. That's the part of the brain right in front what some people call "the control center." It's the part of the brain that handles decision-making, impulse control, and the ability to predict the consequences of your actions — things that are pretty important when it comes to developing good habits. This doesn't mean teenagers *can't* develop good habits. It just means we need to manage our expectations. So here's a tip: if your teenagers are struggling to practice spiritual disciplines . . .

RESOURCE OF THE MONTH

If your teenager is looking to engage with the Bible and does so best through creative expression and meditation, this is the perfect place to start. The [NIV Beautiful Word Bible](#) will allow you to write, color, and draw in the margins as a way of reflection while reading God's Word.
