# family TABLE TALK

**What is the bravest prayer you  
have ever prayed?**

For followers of Jesus all around the world, asking Jesus to come into their lives is the bravest, most dangerous prayer they will ever pray. But they pray it anyway, knowing the persecution they may face.

In the boxes below, write down the names of 3 people you know that do not know Jesus as their Savior or who have a big need in their life. Spend time this week praying brave prayers for these people. Ask bold things, like they will come to know Jesus as their Savior. It does not have to be complicated or take too long, just be consistent and intentional in praying for them.
