

I believe God for...

Before you begin your fast, list anything you are personally praying for in these areas of your life. What miracles are you asking God for this year?

My Faith:

For example, spiritual renewal, physical healing, a heart of generosity, a heart for the lost and broken etc.

My Family:

For example, restored marriage, reconciliation of family relationships, unity, breaking generational strongholds, mending hearts, or salvation.

My Future:

For example, new professional path or personal goals. Ask God to show you what you should be dreaming about and setting into motion in your life that centers with His will for your life .

My Ministry:

For example, those in your small group, mentoring/discipleship, and workplace that are far from God, and those in your community.
